

Aimilios Lallas, MD, MSc, PhD

Aimilios Lallas is an Associate Professor of Dermatology at the First Department of Dermatology of Aristotle University in Thessaloniki, Greece.

He is specialized in skin cancer diagnosis with non-invasive techniques, as well as in the management of skin cancer patients.

Dr Lallas is currently the President of the International Dermoscopy Society.

His main field of research interest is dermoscopy of skin tumors, the application of the method in general dermatology and the improvement of the management of oncologic patients. He is an author of more than 330 scientific papers published on Pubmed Central, most of them on dermoscopy and skin cancer. He is an Editor of 8 books and author of several book chapters on dermoscopy. He is a co-investigator in several Phase III Clinical trials on skin cancer treatment. He has been awarded several scholarships and scientific awards.

Over the last years, Dr Lallas has established scientific collaboration with numerous colleagues from several countries and has supervised the training of numerous fellows from different countries. He is invited speaker in several domestic and international congresses and meetings, mainly on dermoscopy and on skin cancer diagnosis and management. He is particularly involved in teaching activities on dermoscopy, having organized and participated in numerous domestic and international courses.
